Every human has the violent man side and gentle woman side. I do not understand why so many people just focus on one side of the story. The "Grizzly Man" thing is funny - that actually teaches some people a real life lesson - DO NOT PLAY WITH WILD ANIMAL!!!!

One of the reasons why Germany (G) was and is still strong lies into their dedicated manufacturing biz. Last time I checked, Germany has more than three hundred thousand family owned manufacturing biz and most of them are hundreds of years old with many generations of effort to preserve and improve their products. So, it is rather laughable to say that just because a man got hit by an air gun and still feels ok and that shows how great G is.

Oh I forgot, this is the funny vids posts.

This is indeed my funny vid as I recorded it myself the other day on the subway. It was 8.30 in the morning so the rest of the day was quite hard as the funniest thing that day had already happened.

Please enjoy:

Yo! I was at the Flying Star restaurant with my old lady and that happened! The dude had on ear phones like your guy, but he was moving his head reallllll slowww...in circles and rocking his shoulders with this crazy look in his eye. He did this through the restaurant down the steps to his table and just rocked and rolled bay bay!

I kept nodding at my girl to look in that general direction and when she did, she said "oh my god, what is he doing!?" I said he was probably meditating or something. There must have been 100 people in that restaurant!

Also,

No one on the bus is even paying attention to him. I have to attribute that to it being 8:30 in the morning. He is probably some techno kid.

Why post this garbage man? Children.

If I want to see that I would invite my niece over and watch her pick on my son then explain to her why it is wrong.
