Hi, regarding mobile militia. The ini has two training options for mobile militia, manual(pay cash to train) and automatic generation in conquered cities every X hours. I selected the automatic generation one as I wanted to try it. I captured Drassen but no mobile militia is generated automatically, even though it should generate one patrol per 24h as per the settings in the ini. What am I missing here?

Drassen is at 100% loyalty, so I guess it cant be that? Imo the ini did not specify any requirements or I missed them.

there has been moved a lot awy from the ini

and no You can't improve 100% at least not if Youre initials weren't DJT

There was a some disscusion about this feature and in the end of topic there was a conclusion about this feature:it not work anymore.Only manual training working,not automatic.I don't know why this feature is broken and not fixed till now.
