For some reason i can't exit sectors anymore, the "exit sector" cursor simply has disappeared. I can still travel in the map-sceen, but in combat i'm pretty much screwed when i have 40 guys on my ass.

Everything was fine for the first 15 hours, untill i recruited "Elroy".....not sure if he caused this, but it's the first time i recruited him.

I have been playing many campaigns since 2014 (Patch 7609) and never encountered this bug. Oh, and it's also the first time i have Zombies enabled.

Anyone had this problem before?

Hi Kurono, I know that it can be turned on and off in Ja2\_Options.INI.

; If this is "TRUE", mercs can exit sector using grid exit in turn based mode, default behaviour.

; This setting does not affect leaving sectors on map edges

;-----

GRID\_EXIT\_IN\_TURNBASED = TRUE
