It's been up there since oct. 3rd so... who knows...

Quote: You better watch out

You better not cry

You better not pout

I'm telling you why

Santa Claus is coming to town

Santa Claus is coming to town

Santa Claus is coming to town

He's making a list,

Checking it twice;

Gonna find out who's naughty or nice.

Santa Claus is coming to town

Santa Claus is coming to town

Santa Claus is coming to town

He sees you when you're sleeping

He knows when you're awake

He knows if you've been bad or good

So be good for goodness sake

Interesting...

THQ Nordic has the license now, so they may be tempted to try something.

It can be related to the board game alone, though. They allowed Underground Games to launch the project.

Maybe this was a teaser or test for future projects, to see if the audience is there.

Pure speculations on my part, I'm curious about all this.

Thank you for spotting it.

As much as I would love to see another JA game, I am worried that without heavy financial resources backing it, the game will never exceed today's standards and character the original had.

But hey, we can dream!
