I used to be able to just rest wherever. Now it's only showing under facility and bar, where I get drunk. How do I rest normally?

Just click in the column with the bed icon. "Rest" is a facility assignment not to be confused with the normal sleep functionality.

Did I already know that? Is that how it's always been, or was there a REST option under that list?

It's been a while since I played, I guess.

Yeah man, what do you think Enrico sends all those passively-aggressive urgent e-mails for? Get of your lazy ass and liberate an entire country in two-three weeks tops, pronto.
