Download Quick Fix 2

* This replaces and makes obsolete Black Screen Fix
* This fixes the QUIT button bug
* Also fixes the black screen bug

1. Navigate on Kermi's mirror site on the link above and download the 'UC_QuickFix2.zip' there.
2. Unzip and place PROF.DAT into /Data/Binarydata folder. Replace old file.
3. In order to activate, you need to restart your game.
